

Internship Overview

Mr. Gavin Lewis, born on 25.01.1992 in Burton-on-Trent (England), completed his internship from 02.07.2012 to 31.07.2013 at EUROCOPTER Germany GmbH in Donauwörth as a part of his studies.

The EUROCOPTER Group is a German-French group and a global subsidiary of EADS. As the number one among all providers of "vertical lift solutions" EUROCOPTER is the world leader of the helicopter industry.

Mr. Lewis Gavin, was in the department ETXSTG and was busy during his internship within the TRAINING & SIMULATION DATA PACKAGES area. In particular, he carried out activities in the following areas:

- Software Development
- Software Testing
- Software Integration
- Documentation

Mr. Gavin was always perceived to be a very good learner and was always ready for work. He grasped and dealt with all difficult tasks in a professional way and he acquired a lot of knowledge and experience in a short amount of time.

He always completed any given task with the utmost care and accuracy. At all times we were extremely satisfied with his work in qualitative and quantitative terms. Mr. Gavin completed his assigned tasks to our complete satisfaction.

His behaviour towards supervisors and employees was always professional.

We thank Mr. Gavin for his cooperation to the team and wish him well in his future career and in life, all the best and continued success.
